● Addition of information relating to Northern Ireland |
| Version 3.0 | 22 December 2020 | ● Changes to Northern Ireland  
● Inclusion of ROI CTA  
● Update to equine studbook listing |
| Version 4.0 | 5 February 2021  | ● Amendment to Q8, Q16, Q27  
● Addition of Q2, Q3, Q22, Q39 |
Section 1 - Exporting live animals from Great Britain (GB) to the EU

Q1. Are my UK issued Transporter Authorisation, Certificate of Competence, and Vehicle Approval Certificates valid for use in the EU from 1st January 2021?

A. No, these documents will no longer be valid for use in the EU after 31st December 2020.

Q2. Is there a grace period during which GB documents will continue to be accepted for use in the EU?

A. There is no grace period. Documents issued by the competent authority in GB will not be valid for use in the EU from 1st January 2021.

Q3. Do I still need my UK Transporter Authorisation, Certificate of Competence, and Vehicle Approval Certificates for exports to the EU?

A. Yes. You will need your UK documents in addition to those issued in the EU to continue to transport to, from and through GB.

Q4. How do I obtain Transporter Authorisation, Certificates of Competence, and Vehicle Approval Certificates which are valid for use in the EU?

A. UK transporters wishing to transport live animals into the EU by rail (including Eurotunnel), sea, air or road after 31st December 2020 will need to make the relevant applications to an EU Member State. To apply for a Transporter Authorisation, you must be represented in the relevant Member State, and you may not hold an authorisation in more than one Member State.

Q5. What does “Representation” in an EU Member State mean?

A. The term is not defined in the relevant legislation. We advise that you:

i) Contact the relevant competent authority for the Member State you wish to apply to;

ii) Seek independent legal advice, specific to your business;

iii) Discuss directly with your relevant trade organisation.

Q6. How do I contact the relevant EU Member State?

A. You may be able to obtain contact details via the relevant Border Control Posts (BCP). The contact details for BCPs can be found here; https://ec.europa.eu/food/animals/vet-border-control/bip_en
Q7. Do I have to obtain Certificates of Competence in the Member State I am applying to, or will they accept my UK issued certificate as proof I hold the qualifications?

A. The EU Commission has stated that Certificates of Competence issued in the UK will not be valid in the EU after 31st December 2020. Therefore, it is likely you will need to obtain a new Certificate of Competence in the Member State to which you are applying. We suggest that you discuss this with the Member State directly and they can advise you of their procedures.

Q8. Will Ireland provide a pathway to recognise training undertaken in the UK for the purposes of issuing a Certificates of Competence?

A. The Common Travel Area provides for Irish and British citizens to move freely and reside in either jurisdiction and enjoy associated rights and entitlements.

Ireland has made provision for the recognition of training carried out in the UK for the purposes of granting driver and attendant Certificates of Competence.

Please contact the Department of Agriculture, Food and the Marine (DAFM) in Republic of Ireland for further details and how to apply. A link can be found in section 5.

Q9. Do I need to take my vehicle to the EU Member State in which I am applying for my Vehicle Approval Certificate?

A. The EU Commission has stated that Vehicle Approval Certificates issued by the UK will not be valid after 31st December 2020. Therefore, it is likely you will need to take your vehicle to the relevant EU Member State for inspection. We suggest that you discuss this with the Member State directly and they can advise you of their procedures.

Q10. Can I apply to another Member State for Transporter Authorisation, Certificates of Competence, and Vehicle Approval Certificates, ahead of 31st December 2020?

A. Under Article 12 and Article 18 of Council Regulation EC No 1/2005, transporters cannot apply for authorisation or vehicle approval in more than one Member State at a time. A transporter holding a UK authorisation and vehicle approval would therefore need to wait until after 31st December 2020 and then apply for a new authorisation to the competent authority in the Member State in which they were represented. In order to reduce the time you may be without relevant EU authorisation you should ensure you fully understand the requirements for applications in the Member State you are choosing to apply to ahead of 1 January; your chosen Member State will be able to advise on how long it will take them to process applications.

However, the Regulation does not prohibit making an application for a second Certificate of Competence, so it is possible you may apply and obtain this from the relevant EU Member State ahead of 31st December 2020.

It may be possible for a transporter currently holding a UK authorisation to apply to another Member State before 31st December 2020 by establishing a separate corporate entity in that
Member State. Transporters should seek their own legal advice on this point to ensure that they comply with the requirements of Regulation 1/2005 and any relevant legislation in that Member State.

Q11. How long will the process take to obtain Transporter Authorisation, Certificates of Competence, and Vehicle Approval Certificates from an EU Member State?

A. This may vary. You should contact the relevant competent authority for the Member State you wish to apply to for further information.

Q12. Can I hold both a UK and EU version of Transporter Authorisation, Certificates of Competence, and Vehicle Approval Certificates?

A. After 31st December 2020 it will be possible to hold both versions of the documentation since the UK will no longer be an EU Member State.

Q13. Do I require a Journey Log to travel to the EU or another 3rd country?

A. If you are transporting cattle, sheep, pigs, goats and unregistered horses on a journey of over 8 hours from UK to the EU or to another 3rd country in connection with an economic activity, you will require a Journey Log. These will be required for journeys by rail (including Eurotunnel), sea, air or road.

Please see additional questions for details of how and where to apply and for further information on equines.

Q14. Is a Journey Log required for flying?

A. If the overall journey time from place of departure in the UK to destination in the EU or a third country exceeds 8 hours, then a Journey Log approved by the Animal & Plant Health Agency (APHA) is required. Please see additional questions on how to apply.

You will need to confirm with the EU country of entry if an EU Journey Log is required.

Q15. Will Journey Logs approved by the UK be accepted in the EU?

A. For journeys originating in GB; Journey Logs approved by GB authorities will not be accepted in the EU after 31st December 2020. A separate EU-approved Journey Log will be needed for travel in the EU. The GB and EU approved Journey Logs will both be required to cover the entire journey.

For journeys originating in Northern Ireland, please contact the Department of Agriculture, Environment and Rural Affairs (DAERA); https://www.daera-ni.gov.uk/contact
Q16. I need a Journey Log for a journey taking place from the UK after 31st December 2020, where do I apply for approval?

A. If the animals are to be transported from the UK into the EU or another 3rd country, then you must obtain a Journey Log ahead of your journey taking place as follows:

**Journeys from GB to mainland EU (excluding ROI):**

i) If your journey begins in Great Britain, you must obtain approval for your Journey Log from APHA, as you do now, to cover the entire journey.

ii) In addition to the GB approved Journey Log, you must also obtain a separate Journey Log approval from the relevant competent authority of the Member State which will be the first point of entry into the EU.

**Journeys from NI to mainland EU (excluding ROI):**

iii) If your journey starts in Northern Ireland, please contact DAERA to obtain your Journey Log.

iv) If your journey starts in Northern Ireland and transits GB with the intention of onward movement into the EU or another 3rd country, please contact DAERA to obtain your Journey Log.

**Journeys from GB to Republic of Ireland:**

v) If your journey begins in Great Britain with the intention of travel to ROI directly, you must obtain approval for your Journey Log from APHA, as you do now, to cover the entire journey.

vi) In addition to the GB approved Journey Log, you must also obtain a separate Journey Log approval from DAFM. Contact details for DAFM can be found in section 5.

vii) If your journey starts in GB and transits Northern Ireland with the intention of onward movement into the EU, you will need to obtain a journey log from APHA in addition to a Journey log from DAERA.

**Journeys from Northern Ireland to Republic of Ireland:**

viii) If your journey starts in Northern Ireland, please contact DAERA to obtain your Journey Log.

*For example*, if you travel from Dover to Calais, you will need to obtain approval of an EU Journey Log from the competent authority in France as your first point of entry into the EU. Similarly, if you travel from Harwich to Hook of Holland, you will need to apply to the Dutch authority for approval of your EU Journey Log. This is in addition to obtaining approval of your separate GB Journey Log from APHA.

If the animals are being transported directly into a 3rd country, without transiting any EU Member States, then you only need to obtain approval of your Journey Log from APHA (if your
journey starts in GB) or DAERA (if your journey starts in Northern Ireland), ahead of the journey taking place.

You do not need to submit your approved EU Journey Log to APHA; however, you will need to make a formal declaration with your GB Journey Log application that you have applied for an EU Journey Log.

Q17. How far in advance of my journey taking place, do I need to apply for a Journey Log?

A. Journey Logs should be applied for at least 2 working days in advance of the journey. Each Member State may have additional timeframes in place, so we advise that you check with the Member State to whom you are applying.

Q18. Where do I return my Journey Log after the journey is complete?

A. All Journey Logs should be returned to the relevant approval authority within 30 days of the journey taking place.
   i) GB approved Journey Logs should be returned to APHA
   ii) NI approved Journey Logs should be returned to DAERA
   iii) EU approved Journey Logs should be returned to the competent authority in the EU Member State which granted approval for the journey to take place.

Q19. I have a horse which holds registered status in the UK, what are the changes after the end of the Transition Period on 31 December 2020?

A. The European Commission has accepted the UK application for third country listing of our breeding bodies under Article 34 of Regulation (EU) 2016/1012. The list of breeding bodies has been published on the Commission’s website. This will allow these breeding bodies to continue to trade with those in the EU, on the same terms after the end of the Transition Period as they currently do under the Zootech regime. The list of approved bodies can be viewed here: [https://ec.europa.eu/food/sites/food/files/animals/docs/zootechnics_non-eu_dir-94-28_herdbook-gbr.pdf](https://ec.europa.eu/food/sites/food/files/animals/docs/zootechnics_non-eu_dir-94-28_herdbook-gbr.pdf)

Q20. Do live animals have to enter the EU via a Border Control Post?

A. Live animals entering the EU from the UK may need to enter through a Border Control Post (BCP). This may mean that your current routes are no longer available, and you will need to plan alternatives. Alternative routes could take longer than your current one. You will need to ensure that the planned journey and rest stops are compliant with legal requirements and that you have contingency plans in place for potential disruption. The current list of BCP’s in the EU will be updated as the location of new BCP’s are agreed. The list can be viewed here: [Designated Border Control Posts (BCPs) | Food Safety (europa.eu)](https://ec.europa.eu/food/sites/food/files/animals/docs/zootechnics_non-eu_dir-94-28_herdbook-gbr.pdf)
Section 2 - Importing live animals from the EU to GB

Q21. I hold Transporter Authorisation, Certificates of Competence, and Vehicle Approval Certificates which have been issued by an EU Member State (not UK), are these valid for journeys in GB?

A. No, they will not be valid in GB after 31st December 2020.

Transporters entering or transiting GB by rail (including Eurotunnel), road, sea or air, will be required to obtain Transporter Authorisation, Certificates of Competence and Vehicle Approval Certificates from the relevant delegated bodies in GB or Northern Ireland.

Further information on how to apply can be obtained by contacting either APHA by email: CITCarlisle@apha.gov.uk or DAERA - https://www.daera-ni.gov.uk/contact

Q22. Is there a grace period during which EU documents will continue to be accepted for use in GB?

A. There is no grace period. Documents issued in the EU will not be valid for use in GB from 1st January 2021.

In order to continue to transport into, from or through GB, you must ensure that you have obtained Transporter Authorisation, Certificates of Competence and Vehicle Approval Certificates from the relevant delegated bodies in GB or Northern Ireland.

Q23. I hold Transporter Authorisation, Certificates of Competence, and Vehicle Approval Certificates which were issued by an EU Member State (not UK), are these valid for journeys in Northern Ireland?

A. Yes these will remain valid in Northern Ireland after 31st December 2020, in line with the Northern Ireland Protocol.

Q24. How do I obtain Transporter Authorisation, Certificates of Competence, and Vehicle Approval Certificates which are valid for use in GB?

A. EU transporters wishing to transport live animals into GB by rail (including Eurotunnel), road, sea or air after 31st December 2020 will need to make applications to the relevant delegated bodies for Certificates of Competence and Vehicle Approval Certificates, and to APHA for a Transporter Authorisation. To apply for a Transporter Authorisation, you must be represented in GB.

Further information on how to apply can be obtained by contacting APHA by email: CITCarlisle@apha.gov.uk
Q25. What does “Representation” in GB mean?

A. To obtain a Transporter Authorisation issued in GB, applicants are required to be established (e.g. living in GB) or represented in GB.

In order to confirm you are established within GB you will need to provide APHA with your GB address and full contact details.

Where a person or business is providing representation on your behalf, you will need to provide APHA with the name of the person or business, a full GB address and full contact details.

Representation within GB can be in any of the following forms:

- GB agent
- GB transporter
- GB business
- GB individual

Q26. Do I have to obtain Certificates of Competence in GB, or will they accept my EU issued certificate as proof I hold the qualifications?

A. Certificates of Competence issued in the EU will not be valid in GB after 31st December 2020. Therefore, you will need to undertake GB training and assessment in order to obtain a new Certificate of Competence from a relevant delegated body within GB.

Q27. Will GB recognise Irish Certificates of Competence?

A. The Common Travel Area provides for Irish and British citizens to move freely and reside in either jurisdiction and enjoy associated rights and entitlements.

GB has made provision for the recognition of training and assessment carried out in Ireland for the purposes of granting a GB driver and attendant Certificate of Competence. The ROI Certificate of Competence will not be recognised for use in GB.

In order to apply for a GB Certificate of Competence, you must be able to provide a copy of your valid Certificate of Competence issued in Ireland showing the species of animal you have been permitted to transport and what type of journey (short or long) you have been assessed to undertake. If your Certificate of Competence does not show these details, then you must submit additional documents providing evidence as to the level of training and assessment undertaken. Where this supporting evidence is not available, APHA will be unable to provide a Certificate of Competence and you will be required to undertake training and assessment at an approved centre in GB.

For further information and an application form, please contact APHA; CITCarlisle@apha.gov.uk
Q28. Do I need to take my vehicle to GB for my Vehicle Approval Certificate?

A. Vehicle Approval Certificates issued by the EU will not be valid in GB after 31st December 2020. Therefore, you may need to bring your vehicle to GB to be inspected by the relevant delegated body.

Further information on how to apply can be obtained by contacting APHA by email: CITCarlisle@apha.gov.uk

Q29. Can I apply to GB for Transporter Authorisation, Certificates of Competence, and Vehicle Approval Certificates, ahead of 31st December 2020?

A. Under Article 12 of Council Regulation EC No 1/2005, transporters cannot apply for transporter authorisation in more than one Member State at a time. If a transporter holding an EU authorisation wishes to apply for a GB authorisation, then they would need to wait until after 31st December 2020. They would need to obtain representation within GB and then apply to APHA for a new transporter authorisation.

Under Article 18 of Council Regulation EC No 1/2005 it is not permissible to hold vehicle approval in more than one Member State. It may be possible to have your vehicle inspected prior to 1st January 2021; however, approval certificates can only be granted from 1st January 2021 onwards.

The Regulation does not prohibit making an application for a second Certificate of Competence, so it is possible that you may apply and obtain this from the relevant delegated body within GB ahead of 1st January 2021.

Q30. Can I hold both a UK and EU version of Transporter Authorisation, Certificates of Competence, and Vehicle Approval Certificates?

A. After 31st December 2020 it will be possible to hold both versions of the documentation since the UK will no longer be an EU Member State.

Q31. Do I require a Journey Log for movements from the EU to GB?

A. If you are transporting cattle, sheep, pigs, goats and unregistered horses on a journey of over 8 hours from the EU or a 3rd country into GB in connection with an economic activity, you will require a Journey Log. This includes journeys by rail (including Eurotunnel), sea, air or road.

Please see additional questions on how and where to apply and for the import of equines

Q32. Is a Journey Log required for flying?

A. If the overall journey time from place of departure in the EU or a third country to GB exceeds 8 hours, then a Journey Log approved by APHA is required. Please see additional questions of how to apply.
If originating from a location in the EU, you will need to confirm with the EU country where the journey commences if a separate EU Journey Log is required.

**Q33. Will Journey Logs approved by the EU be accepted in GB?**

A. No. Journey Logs approved by the EU authorities will not be accepted in GB after 31st December 2020. A separate Journey Log approved by GB will be needed for travel in GB. The GB and EU approved Journey Logs will both be required to cover the entire journey.

**Q34. I need a Journey Log for a journey taking place from the EU to the UK after 31st December 2020, where do I apply for approval?**

A. If the animals are travelling from the EU into the GB then you must obtain a Journey Log ahead of your journey taking place as follows:

i) If your journey begins in the EU and ends in GB, you must obtain approval for your Journey Log in the Member State of origin and from APHA, to cover the entire journey.

ii) For journeys originating in the EU and transiting GB please refer to section 3

**Q35. How far in advance of my journey taking place, do I need to apply to APHA for a Journey Log?**

A. Journey Logs should be applied for at least 2 working days in advance of the journey.

**Q36. Where do I return my Journey Log after the journey is complete?**

A. All Journey Logs should be returned to the relevant approval authority within 30 days of the journey taking place.

i) GB approved Journey Logs should be returned to APHA

ii) NI approved Journey Logs should be returned to DAERA

iii) EU approved Journey Logs should be returned to the competent authority in the EU Member State which granted approval for the journey to take place.

**Q37. I have a horse which holds registered status in the EU; what are the changes after the end of the Transition Period on 31 December 2020?**

A. From January 2021, new import requirements will apply to live animals, including equines. EU Transporters will require a Transporter Authorisation, a driver/attendant Certificate of Competence, and a valid Vehicle Approval Certificate issued by the UK authorities. Applications for Journey Logs for unregistered horses travelling on journeys over 8 hours, must be submitted to APHA for any journeys ending in or transiting through GB, ahead of the journey taking place. Transporter Authorisations, driver/attendant Certificates of Competence, Vehicle Approval Certificates and Journey Logs issued by an EU Member State are no longer valid for use in GB.
Section 3 - Journeys transiting through GB

Q38. I hold Transporter Authorisation, Certificates of Competence, and Vehicle Approval Certificates which were issued by an EU Member State (not UK), are these valid for journeys transiting GB and ending in Northern Ireland or the EU?

A. No, they will not be valid in GB after 31st December 2020.

Transporters entering or transiting GB, will be required to obtain Transporter Authorisations, Certificates of Competence and Vehicle Approval Certificates from the relevant delegated bodies in GB or Northern Ireland.

Further information on how to apply can be obtained from APHA: CITCarlisle@apha.gov.uk

Or DAERA - https://www.daera-ni.gov.uk/contact

Q39. Is there a grace period during which EU documents will continue to be accepted for use in GB?

A. There is no grace period. Documents issued in the EU will not be valid for use in GB from 1st January 2021.

To continue to transport through GB, you must ensure that you have obtained Transporter Authorisation, Certificates of Competence and Vehicle Approval Certificates from the relevant delegated bodies in GB or Northern Ireland.

Q40. Do I require a Journey Log for journeys transiting GB after 31st December 2020, and where do I apply for approval?

If you are transporting cattle, sheep, pigs, goats and unregistered horses to or from the EU and transiting GB on a journey of over 8 hours in connection with an economic activity, you will require an EU Journey Log in addition to a Journey Log approved by the UK authorities.

ii) If your journey begins in EU, transits GB, and ends in NI, you must obtain a Journey Log approved in the EU Member State of origin as well as a Journey Log approved by APHA, to cover the entire journey.

ii) If your journey begins in EU, transits GB, and ends in EU, you must obtain a Journey Log approved in the EU Member State of origin as well as a Journey Log approved by APHA, to cover the entire journey.

iii) If your journey starts in Northern Ireland and transits GB with the intention of onward movement into the EU or another 3rd country, please contact DAERA for further information.

Journey Logs issued by UK authorities will need to cover the entire journey from point of origin to point of destination.
Journey Logs should be applied for at least 2 working days in advance of the journey.

Further information on how to apply can be obtained from APHA: CITCarlisle@apha.gov.uk

Or DAERA - https://www.daera-ni.gov.uk/contact

Q41. Do I need to submit my approved EU Journey Log to APHA when applying for a GB Journey Log?

A. You do not need to submit your EU journey Log to APHA; however, you will need to make a formal declaration with your GB Journey Log application that you have applied for an EU Journey Log.
Section 4 - Journeys within the UK

Q42. Are my GB issued Transporter Authorisation, Certificate of Competence, and Vehicle Approval Certificates valid for use in Northern Ireland (NI)?

A. Yes, GB issued Transporter Authorisations, Certificates of Competence, and Vehicle Approval Certificates will continue to be valid for use in NI.

Q43. Are my NI issued Transporter Authorisation, Certificate of Competence, and Vehicle Approval Certificates valid for use in GB?

A. Yes. NI issued Transporter Authorisations, Certificates of Competence, and Vehicle Approval Certificates will continue to be valid for use in GB.

Q44. Does a journey within the UK, which is over 8 hours, require a Journey Log?

A. No. Journey Logs are not required for journeys within the UK (only).
Section 5 - Background

The EU Commission confirmed that at the end of the transition period (31st December 2020) they will no longer accept Transporter Authorisation, Certificates of Competence or Vehicle Approval Certificates issued by the UK authority. A link to the notice can be found here: https://ec.europa.eu/info/sites/info/files/brexit_files/info_site/animal_transport_rev1_final.pdf

Defra have been working to ensure this information is communicated to all relevant stakeholders. The links below provide additional information on other processes which may impact upon you or your business.
