

# RABIES ANTIBODY TITER TEST INFORMATION

Please find below our information sheet on rabies antibody titer testing, in which we try to answer the most frequently asked questions:

## ***How long does it take to complete the test?***

The test is run twice a week (Monday and Thursday). If we receive your blood sample by 9am on Monday or Thursday, it will be included in the test that day. For samples started on Monday, the result is expected by Thursday afternoon, while for samples started on Thursday, the result is expected by Monday afternoon.

EMERGENCY TESTING IS NOT POSSIBLE!

ATTENTION! POSTAL DELIVERY TIME PLUS 2-3 DAYS!

## ***How much does the test cost?***

The gross price of the test including the English language result sheet is HUF 16053. The payment is made after the test is performed, when receiving the results.

## ***How can you collect the result?***

1. **By postal delivery** - We will send the result sheet together with the invoice to the postal address of the person who pay the costs. In this case payment is made to the postman. Please take delivery time into account!

2. **In person** – Veterinary Diagnostic Directorate (1143 Budapest Tábornok street 2.) cash desk - If you wish to do this, please always indicate on the order form that „PERSONALLY". The test fee is then paid in cash or by credit card when you receive the result.

Attention! If the test is URGENT, you should choose this method of receipt, as it is the fastest!

3. **Electronic** way also possible, BUT as the English-language version must be printed on a special watermarked paper, electronic result will NOT be sufficient for you when travelling! However, if the client requests this in writing, our colleague will send a bank transfer invoice by e-mail and, after payment and return of the certificate, we can send the scanned result sheet via e-mail.

ATTENTION! Our institution also carries out random and risk-based genetic testing on the blood samples received, in order to avoid fraudulence!

**If you have any further questions**, please call us at the following telephone number:
